

“Powerfully PLAYFUL” Going Out

As much as I give to others, I also make room for fun. Whether I’m going on my regular date night or taking a once-a-year cruise, I’ll dress to remind myself and all present that I’ve “got it going on.”
What do I want from Ashro? Fun, unique looks that show off my curves but still keep things classy.

“Your line of clothing is awesome, colorful. Keep going bolder and classy sexy in your styles!! YOU ARE GREAT!!”

ASHRO

THE LOOKS:

This is MY version of “casual.” No matter where I’m going, I put care into how I look. I want styles that have some drama, spirit and sassiness to them: coordinated separates, soft flowy dresses and blouses, fun jewelry...unique shoes and boots. Caftans accessorized right can also work for these outings.
